

TIME & DIRECTION

2020 'UpUpDownDownLeftRightLeftRight'
BASelectStart'
Grenache Rosé
Thunderstone Vineyard
Royal Slope AVA

pH: 3.3

TA: 4.7 g/L

Tartaric Acid: 6.6 g/L

Brix: 19.8

ABV: 12.0%

Maceration: 12 hours in press

Stainless steel fermentation and aging.

Color at time of pressing was a nice pale pink color which dropped out during fermentation and aging. So I've taken to calling this year's wine, No-sé, Rosé Minus, White Grenache, or Blanc de Grenache Noir with some skin contact. Or maybe Ruby Red Grapefruit wine instead of Orange Wine :) Either way, I think it tastes great. The wine is unfinned, unfiltered, & not cold stabilized. Expect solids when chilled.
